

Parents -- Support Teachers and School Organizations!

Can you imagine working for a company and having to spend \$500 a year of your own money to provide the basic items you need to do your job? Unfortunately, it is not unusual for our teachers to spend this amount of their own money (and more) to keep their classrooms supplied. **You can help!** Space Coast Credit Union's exclusive **Education Donation Program** reimburses schools, teachers and teams for these out-of-pocket costs by allowing SCCU members to donate a portion of their Scorcard® Rewards points to support education.

What do you need to do? If you're already an SCCU member and carry an Platinum Visa® credit card or an SCCU Visa DEBIT card, follow the steps below. If you're not an SCCU member, and you want to use this free program to help our school, it's easy to join – just call SCCU. They'll take care of the rest.

- Have your SCCU **Platinum Visa® CREDIT or Visa DEBIT** card handy
- Log on to SCCU's Online Banking service and select "Additional Services"
- Click on the "Register an Education Donation Recipient" link
- Follow the steps on the form and "submit"
- Use your SCCU Visa credit or debit whenever you shop

It doesn't cost anything to start your donation. Teachers DO NOT have to be SCCU members to receive funds from this program. You can also register the PTO or any school club or team as a recipient!

To learn more, log on to SCCU.com/educationdonation, call 800-447-SCCU, or visit any SCCU branch.
