

Still Safe. Still Stable. Still Secure.

Still SCCU.

Same ownership since 1951. Our Members.

Space Coast Credit Union is focused on providing our business members with quality service at the best possible rates, not on profit. We do not have stockholders that drive decisions, we answer to the membership. Our Board of Directors is made up entirely of volunteers from the community and they have worked alongside the credit union's management to carefully build SCCU's level of net worth. Space Coast Credit Union currently maintains net worth at more than twice the level that the NCUA defines as adequately capitalized. SCCU is well-positioned not just to weather the storms of uncertainty and disruption, but to be strong enough to flourish and continue to provide needed financial services in our community.

We invite you, our business colleagues, who are not currently members to participate in this member-owned cooperative. We exist only to serve the long-term interests of our members. That is what we do well, because that is all we do.
